

## FOR IMMEDIATE RELEASE

### CITIUSTECH EXPANDS PROVIDER MARKET FOCUS, ESTABLISHES NEW TECHNOLOGY CENTER IN ROCHESTER, MN

**Princeton NJ (January 21, 2017)** – CitiusTech, a leading provider of healthcare technology services and solutions announced the opening of its new technology center in Rochester, MN – a city recognized for world-class healthcare. The new technology center follows closely on the heels of opening new centers in Mumbai, India and Dubai, UAE.

“Considering the strategic importance of the US market, CitiusTech is strengthening its presence in North America. Addition of the Rochester facility will allow us to serve our customers more effectively.” said Rizwan Koita, Chief Executive Officer of CitiusTech.

CitiusTech has now expanded its focus on the provider market to help them drive innovation in care delivery. With its enhanced solutions around new technologies (analytics, big data, mobile, cloud, etc.) and specialized technology practices, CitiusTech enables large health systems and IDNs to drive their key strategic areas—application development and validation, data integration and data management, clinical quality and performance management, and mobile and patient engagement—and improve business performance.

CitiusTech’s BI-Clinical is the most widely deployed third party healthcare BI/ analytics platform, certified for both provider and payer markets. BI-Clinical is deployed over 4,500+ locations, supporting over 550,000 providers and over 30 million lives. BI-Clinical has the largest measure library with 600+ pre-built KPIs including coverage of federal and commercial initiatives. BI-Clinical’s Rules Management Module (RMM) enables providers to build and manage quality measures and other rules (cohorts and alerts) in a highly configurable and auditable manner.

CitiusTech has grown significantly over the past five years. CitiusTech has revenues of over USD 100 million and is ranked amongst the top 100 healthcare IT companies in 2016 HCI 100 by Healthcare Informatics.
