

Job Title: Sr. Healthcare Consultant (Healthcare Informatics) (s) (full time; multiple openings), Job Code – CT82

Work Experience Required: 2 years

Location: Princeton, New Jersey and various unanticipated locations throughout the U.S

Duties:

- Design Personalized Healthcare (PHC) platforms and clinical decision support software solutions for clients in the U.S.
- Work on data science life cycle and Real World Evidence (RWD) data analytics.
- Conduct requirements gathering sessions with business users to identify business needs.
- Define business rules, as well as the processing engine components of PHC platforms, related to the data quality, standardization, transformation and reconciliation processes.
- Define Common Data Model (CDM) such as, Observational Medical Outcomes Partnership (OMOP), to standardize RWD data from multiple data sources.
- Use knowledge of existing data analytics platforms to identify areas of improvement.
- Coordinate with team members to develop the RWD data onboarding processes and pipeline.
- Identify challenges and risks for various data sources and identify the applicable solutions to mitigate the risk.
- Work with client stakeholders to ensure the planned workflow complies with regulatory requirements.
- Contribute to scientific writing and publishing scientific articles.

Must have Master's Degree (or foreign equivalent) in Statistics, Bioinformatics, Computer Science, Engineering (any), or related field, plus two years of experience in the field. One of the two years must include experience with R, h2o.ai, Tableau, and Power BI. In lieu of the above education and experience requirements, we will accept a Bachelor's Degree (or foreign equivalent) in Statistics, Bioinformatics, Computer Science, Engineering (any), or related field, plus five years progressive post-bachelor's experience in the field. One of the five years must include experience with R, h2o.ai, Tableau, and Power BI. Any suitable combination of education, training, or experience is acceptable. All experience may be acquired concurrently. Travel and relocation required, to be reimbursed by employer. Incidental telecommuting permitted. EOE M/F/D/V.
