

Imaging Cohort Builder

Business Challenge

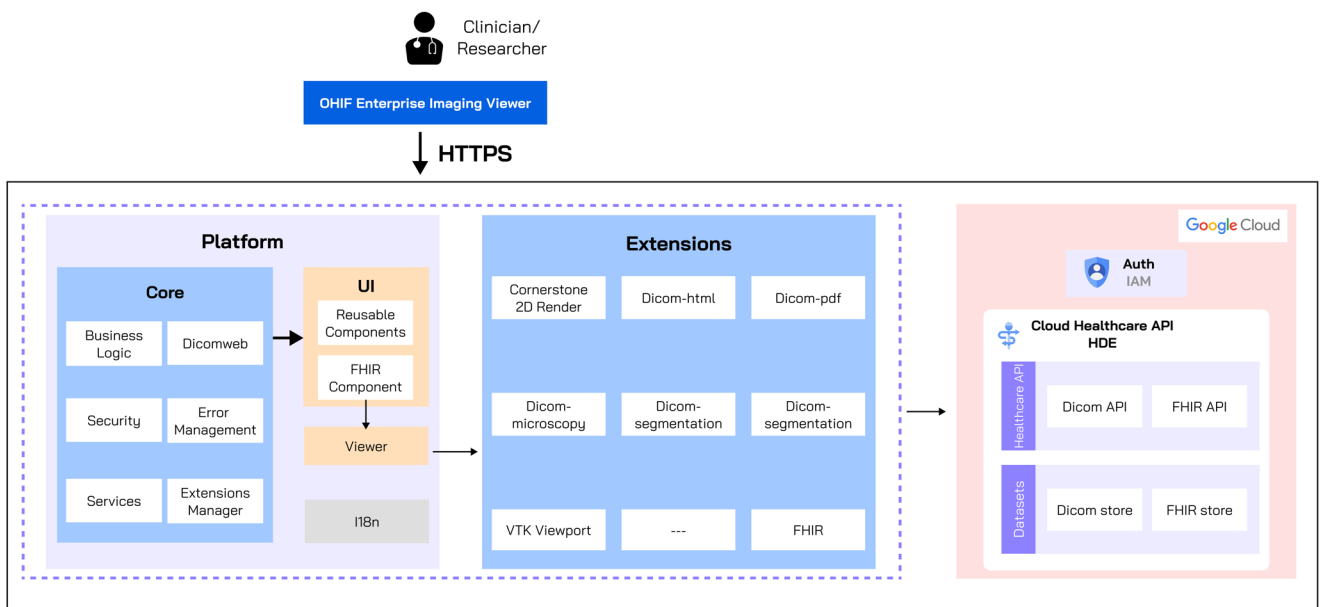

- Client is a leading provider of healthcare services and have a solution (tool) for identifying patient cohorts which could be used for research, however it didn't support imaging data extraction.
- In order to address it, client wanted to develop an easy to use, self service tool to identify cohorts and extract imaging studies from their cloud platform for research and/or business development.
- CitiusTech was selected for this engagement for its imaging expertise and deep understanding of Imaging/ DICOM and FHIR.

CitiusTech had already engaged with the client earlier for dev & management activities for the earlier solution (tool). CitiusTech was now tasked to build an app (UI concept) which will have the following capabilities:

- Provide a smart search functionality so that the user can search for cohort based on keywords/terms.
- Integrate the cloud cohort Builder with OHIF viewer to collectively view all the Patient/Study data.
- Integrate with GCP data repositories on cloud (DICOM/ FHIR stores) by leveraging GCP Health API and cloud infra services.

SOLUTION SCHEMATIC

VALUE DELIVERED

Conducted detailed analysis of the required use cases for the Imaging Cohort tool

Utilized GCP Healthcare API/Cloud infrastructure services & integrated with GCP Data repositories like DICOM/FHIR stores

Client Stakeholders are extremely satisfied with the progress of the application use cases CitiusTech is developing

Client foresees CitiusTech's involvement as a beneficial one, for its endeavour in cost savings and addressal of their needs & pain points effectively.

Shaping Healthcare Possibilities

CitiusTech is a global IT services, consulting, and business solutions enterprise 100% focused on the healthcare and life sciences industry. We enable 140+ enterprises to build a human-first ecosystem that is efficient, effective, and equitable with deep domain expertise and next-gen technology.

With over 8,500 healthcare technology professionals worldwide, CitiusTech powers healthcare digital innovation, business transformation and industry-wide convergence through next-generation technologies, solutions, and products.
